Activate your Netflix subscription now

Dear Vodafone customer,

It's great that you've subscribed to Netflix. Please register now using the button below. This is the only way to enjoy the full range of entertainment.

Activate Netflix now

Are you already a Netflix customer?
Then simply log in using the button above with your existing Netflix login details and link your Netflix account. This is important to ensure you're not registered with Netflix twice and that you don't incur any additional charges. Your existing Netflix subscription will then be billed through your Vodafone bill. This also allows you to keep your Netflix profiles and continue using Netflix as usual.

We wish you great entertainment and lots of fun with your Netflix subscription.
